

PEER EDUCATION COURSE

Undergraduate (HE 490-2E) OR Graduate (HE 691-2E)
Fall 2010
3 credit hours
Tuesday and Thursday's 2:00 - 3:15 pm
UAB 1917 Clinic, Community Care Bldg (CCB) 147

This interactive course will teach concepts needed to be an effective SHAPE Peer Educator:

- Communication skills (active listening, verbal/non verbal)
- Appreciation for diversity and respect for individual choices
- Problem solving and decision making strategies when working with groups
- Group facilitation techniques, presentation skills, conflict resolution
- Methods for teaching sexuality concepts to a variety of audiences

Sexual Health Awareness Through Peer Education (SHAPE)

As a SHAPE Peer Educator you will:

- Develop and implement workshops and other outreach events
- Encourage others to evaluate their own needs and concerns about sexual health
- Communicate in an atmosphere that is safe and fun
- Learn skills to help you network with others and prepare you for your career
- Train to administer the OraQuick HIV Test

Did you know?

- 98% of sexually active college students know how HIV is transmitted, but less than 25% use condoms consistently and correctly?
- 80% of women with gonorrhea have no symptoms?
- Most young people would like to learn more facts about sexuality?
